Whether your customers need to tape HVAC ducts, electrical connections, seal cartons or mask high technology circuit boards, Merco has the tape for their applications. No job or requirement is too large.

And if they need tape for wallets, wart removal or holding an obvious rug on the head of a former governor, no job is too small for Merco Tape. We have no minimum order size and we ship same or next day over 94% of the time.

We're constantly innovating, adding new solutions, striving to be your **one source for adhesive solutions**. And not just for plain-vanilla industrial applications. In fact, we've been thoroughly covering, so to speak, all aspects of the tape industry for over 35 years.

So let Merco show you how to look good to both the CEO of High Technology Industries, Inc, *and* all your customers, from the heat of Florida to icy Alaska.

**Merco Tape: *Stick With Us*®**
